Education

Brigham Young University

BFA Graphic Design
Provo, Utah
Aug 2011 – Apr 2012
Aug 2013 – Apr 2017

Brigham Young University Hawaii

Lāie, Hawaii
Jan 2013 – Apr 2013

Work Experience

Graphic Designer

Nu Skin Enterprises, Global Marketing Dept.

Provo, Utah
September 2016 – Present

Part of the in-house team that creates all consumer-facing design. Together with my team, I develop on brand social media assets, emails, microsites, and event branding, and assist with development of packaging. I am constantly juggling multiple projects at once, across different mediums, campaigns, and timelines. Our work is used worldwide to promote Nu Skin's beauty and wellness products.

Graphic Design Intern

Thinkso Creative, LLC

New York, New York
May 2016 – Aug 2016

Thinkso is a creative agency with a focus on strategy and intellect as a basis for design decisions—beauty and brains in everything they do, per their motto. As an intern here, I worked on projects in motion design, social media, UI/UX, branding, and print design.

Teacher's Assistant

BYU Design Thinking Course

Provo, Utah
Feb 2016 – Apr 2016

Mentored graphic design pre-major students, helping them develop conceptual thinking habits as a foundation for their work and encouraging their fragile egos.

Graphic Designer

BYU Campus Life Web Consulting

Provo, Utah
Nov 2014 – Jan 2016

Redesigned academic websites for the university, resurrecting them from the perils of nineties web design with a focus on cleanliness and ease of navigation. User analytics were key in determining hierarchy of this navigation. I worked alongside a team of eight programmers who skillfully brought my work to life.

Gate Agent

Delta Air Lines

Salt Lake City, Utah
May 2014 – May 2016

Worked seasonally, serving passengers in all activities that take place at the gate. I handled standard responsibilities of assigning seats, answering questions, checking bags, and keeping track of my crew alongside oddities like bodily fluids in the jetway. My purpose was to ensure that planes departed on time and that all customers had the best experience possible, regardless of circumstance.

Skills

Primary: InDesign, Illustrator, Photoshop, After Effects
Secondary: Cinema 4D, Sketch, HTML & CSS, JavaScript
